MARKING INSTRUCTIONS:

All pieces or shipping crates must be clearly marked as shown below: Pieces on pallets, even if they are banded and shrink wrapped, should be individually labeled. All wood packing material entering the USA is now subject to ISPM standards, so all non-manufactured wood packing and dunnage material must be heat-treated or fumigated and marked with the IPPC stamp.

CUSTOMS CLEARANCE

Globaltranz and Todd Henning(henning.t@globaltranz.com) will arrange for all customs clearance for both the import and export of your exhibition materials. All articles for give-away, sales, or consumption, will be cleared as dutiable entries. For goods that will be re-exported, we recommend use of an ATA Carnet. If a Carnet cannot be obtained, temporary entries can be made. *Please, however, insure that your invoices clearly distinguish between items that will be consumed and items that will be re-exported.* All commercial invoices should be sent prior to shipping for review by Globaltranz.

DOCUMENT REQUIREMENTS

1 ORIGINAL AND 3 COPIES OF COMMERCIAL INVOICE & PACKING LIST

1 ORIGINAL AIRWAY BILL OR 1 SEAWAY BILL OF LADING (EXPRESS RELEASE ORIGINAL BILL OF LADING)

- **Separate commercial invoices should be provided for temporary and consumable entries** (consumables include give-away items). Invoices should detail the contents of each carton in English and should include: per unit value, total value, country of origin, and full descriptive detail of each commodity shipped that includes model and serial numbers for equipment or hardware.

*****very import important information regarding FDA Bioterrorism Rules*****

- Food & Food additives (including samples) are now subject to new FDA Bioterrorism rules. These rules will apply to any shipment containing food and food additives, even if they are small sample quantities. The rules will require all manufacturers, distributors, packagers, retailers of food/food additives, to be registered with FDA prior to shipment of such goods. The rules also have a pre-notification requirement, which has very specific timelines for giving prior notice of the shipment's arrival. Globaltranz will provide this service to customers who are FDA registered and can supply adequate shipment details. If you require our services we need your shipment details (as per below) 72 hours prior to shipment of your goods. The prior notice information must include the following information:
 - *country of origin
 - *name/address FDA registration no. of shipper/manufacture
 - *detailed description of each product including food ingredients list
 - *FDA product code no.
 - *quantity/packing of each product
 - *Air/ocean waybill no. and booking informationMore information on new FDA registration rules @ <https://www.access.fda.gov/>
- **Fresh Produce and Floral shipments** are subject to additional FDA and APHIS regulation. Exhibitors planning to send these commodities should send their supporting FDA and Agriculture documents to Globaltranz for our review and approval at least 2 weeks prior to ship date for document review and approval prior to shipment.
- An APHIS Import permit is required for all fresh produce and flowers entering the United States. Apply for a Permit: http://www.aphis.usda.gov/permits/ppq_epermits.shtml
 - The Permit needs to be issued to the entity importing the commodity, or consignee, not the broker or freight forwarder.
 - Please note, that in many instances a Phytosanitary certificate will be required.

- **Perishable shipments-** must be identified on the AWB and labels in order to insure proper handling by carrier and delivery agents. *Arrival deadlines for perishable shipments will be communicated to exhibitors sending perishable shipments, only after their supporting documentation have been approved by Globaltranz.* Globaltranz will not accept liability for perishable shipments for perishable sent without our approval.
- **All shipments must be pre-alerted to Globaltranz,** 2 days prior to arrival for air freight, and 7 days prior to arrival for sea freight shipments (subject to document approval time frames given above for foods/fruits/vegetables/perishables). Pre-alerts should include carrier name and bill nos., arrival flight/vessel details, as well as copies of all relevant shipping documents.
- **IMPORTANT NOTE: FREIGHT FORWARDING SERVICES ARE NOT THE SAME AS DRAYAGE SERVICES!** Unlike shows in other parts of the world, on-site material handling (delivery from advance receiving, unloading from truck, positioning in stand, removal, storage, return of empties, and loading on truck), is managed by the General Contractor. For this event, the general contractor is GES. This means, liability and responsibility for the cargo passes to the General contractor from us at the dock of the convention center, or advance receiving location. This also means a work order and payment arrangement must be made with both the forwarder (Globaltranz) and the contractor (GES).

INSURANCE

It is up to the exhibitor to confirm that they have insurance in place with their own provider, and that their policy will extend coverage of their stand and equipment during transit to and from the show, as well as while it is on the stand. If your policy provider cannot extend adequate coverage, please contact Globaltranz about obtaining proper coverage of your goods. Globaltranz will not insure perishable commodities.

PAYMENT REQUIREMENTS

A valid credit card account number prior to delivery of your goods to the show must secure charges for all transportation, clearance, and delivery. Globaltranz accepts VISA, MASTERCARD, and AMERICAN EXPRESS.
