

### **Support Buyer Attendance through the Hosted Buyer Program**

Foodservice buyers are eager to connect face-to-face with new suppliers, products and ideas, which is difficult at this time due to budget restrictions. Support foodservice operators, distributors and retail foodservice buyers by contributing to the Hosted Buyer Program. Each contribution will bring two to three buyers to the 2021 Foodservice Conference & Expo and/or Fresh Summit by helping to cover airfare, hotel and other miscellaneous travel expenses. PMA is supporting this effort with complimentary registrations.

**Pricing:** Minimum contribution of \$4150

#### **Benefits to the contributing company:**

- Three all access passes to the 2021 Foodservice Conference & Expo and/or access to the interactive attendee directory to connect and schedule meetings
- Logo recognition on event website
- Logo recognition onsite at the event
- Email communication to buyers promoting all companies hosting their participation
- Priority access and discounted pricing for sourcing meetings at the Foodservice Conference (limited availability)
